MEMORANDUM FOR THE RECORD

SUBJECT : HSCA Hearings and Questions

25X1 1. I asked HSCA whether it was intended that any CIA (current or ex) employees other than those mentioned by Blakey yesterday evening would be called to testify. Those mentioned were Messrs. Helms, [] and the DCI. The answer is that more are expected to be called, but the names were not yet available. Gary Cornwell is to be back to me in the near future on this. I pointed out that the Agency's waiver to employees on speaking to the Committee did not extend to public testimony on classified matters and it was important that this be addressed soon.

25X1 2. I had also asked if we should continue preparing written answers to earlier questions concerning [] given the anticipated interrogatories from the Committee next week. He said no. He added that if someone is "reading" in preparation for those answers they should continue, but the new questions would be more specific.

25X1 I have so advised [] (Mike was doing the written answers to the previous questionnaire).

25X1
